PROFESSIONAL SUMMARY

Detail-oriented BCA graduate with hands-on experience in full-stack web development using HTML, CSS, JavaScript, Python, and Django. Skilled in developing responsive front-end interfaces, secure authentication systems, scalable backend applications, and database-driven solutions. Seeking an entry-level Python Developer role to apply strong programming fundamentals, problem-solving skills, and practical project experience.

TECHNICAL SKILLS

- **Programming Languages:** Java, Python, C++, C, PHP, JavaScript, SQL
- **Web Technologies:** HTML5, CSS3, Bootstrap, Django, React.js (basics), Node.js (basics)
- **Databases:** MySQL, MongoDB, Database Design
- **Tools & Platforms:** VS Code, Git, GitHub, PyCharm, Eclipse, MS Office Suite
- **Operating Systems:** Windows, Linux (Ubuntu)

PROFESSIONAL EXPERIENCE

Web Development Intern

Torc Infotech Pvt Ltd, Kochi

- Applied front-end and back-end technologies (HTML, CSS, JavaScript, Django) to deliver functional, tested web solutions as part of a development team.
- Assisted in designing and integrating MySQL database schemas, supporting efficient data storage, retrieval, and application performance.
- Collaborated with senior developers through code reviews and Git/GitHub version control, debugging issues and improving overall application stability.

Python Full Stack Intern

SMEC Technologies, Kochi, Kerala

- Engineered scalable full-stack applications using Python, FastAPI, Django, PostgreSQL, and Next.js, delivering secure, high-performance solutions for real-time and data-driven systems.
- Developed and optimized RESTful APIs, backend services, and database architectures using SQLAlchemy, PostgreSQL, MySQL, and Django ORM, improving scalability, performance, and data integrity.
- Built responsive user interfaces using Next.js, TypeScript, Tailwind CSS, and Zustand, while leveraging Git, GitHub, Postman, and Agile workflows to ensure code quality, maintainability, and efficient delivery.

PROJECTS

AI-Based Resume Analyzer and Job Matcher

Python, Django, HTML5, CSS3, JavaScript, MySQL

- Built a web-based AI-powered platform that automates resume analysis and matches candidates to relevant job postings, streamlining the recruitment process.
- Designed and implemented a secure user authentication system including registration, login, and OTP verification.
- Developed a scalable, secure backend architecture using Django to support core application features.

Intercollege Football Registration Portal

PHP, HTML5, CSS3, JavaScript, MySQL

- Developed a full-stack web application to manage tournament registration, team tracking, and record management for an intercollege sports event.
- Built automated modules for data handling and centralized management using PHP and web technologies.
- Improved accuracy and efficiency of sports event coordination through digital automation, reducing manual administrative work.

EDUCATION

Bachelor of Computer Applications (BCA)

Girideepam Institute of Advanced Learning, Kottayam - 2023-2026

PROFESSIONAL CERTIFICATIONS

- Artificial Intelligence (Add-on Course)

LANGUAGES

- English
- Malayalam
- Hindi
